

Vancouver Reggio Association April 13, 2022 | 6:30pm

ONLINE VIA ZOOM

In anticipation of hosting the *Mosaic of Marks, Words, Material* exhibition and *atelier*, in collaboration with Reggio Children and the North American Reggio Emilia Alliance this Fall 2022, the Vancouver Reggio Association is hosting an online evening encounter featuring ideas and materials inspired by the exhibit.

In this first of many encounters, directors from the VRA will introduce the exhibition and its accompanying book and share ideas and materials which we hope will inspire your own professional inquiries or investigations with children alongside you. We intend to build a

community that shares their experiences and engages in dialogue about their findings and wonders. We plan on joining together informally in June to share some of our related projects.

We have some copies of the book *Mosaic of Marks, Words, Material* available for purchase at \$55 Canadian per copy. Local pick-up or there are additional costs for shipping.

Once registered, a follow-up email will be sent to you with some suggested materials you might want to collect, the Zoom link information as well as more information about ordering a copy of the book.

COST: \$10 | REGISTRATION LINK
